

Town of Atkinson
REQUEST FOR PROPOSAL

The Atkinson 250th Anniversary Committee seeks proposals from qualified fireworks vendors for their 250th Celebration to be held on 9/2/2017. The Committees budget for this display is dependent upon size and length of show. The display should be semi-continuous and last between 20 - 30 minutes commencing at dusk with very little black sky between shots. If you are interested in submitting a quote please include the following:

- Shell counts for each size shell to be used and broken down into Opening, Main Body and Finale. Shell size should range from 3 inch to 5 inch. List Class if applicable.
- Note how they will be fired (Manually or electronically).
- List of 3 New Hampshire references.
- Please include any other information you feel will enhance your proposal.

Fireworks will be shot from a previously approved fireworks shooting area on privately owned property. Inspection of area is available. As parking and spectator viewing will be from the Atkinson Town Center area a short distance away, no ground displays need be included. High aerial display is mandatory.

Specifications are available in the Selectmen's office at 21 Academy Avenue, Atkinson, NH 03811 and proposals must be submitted to the same address on or before 12 noon on June 2, 2017 in a sealed envelope clearly marked "250th Fireworks Proposal". For additional information, please call Alan Phair at 603-362-1060 or email: townadmin@atkinson-nh.gov.
