

Notice to Atkinson Residents

The Town has access to a drop-off center: **TBI Facility/Northside Carting located at 210 Holt Road, North Andover, MA 01845** (on the right off Route 125 south of Bradford, MA). Hours of operation are: **Monday through Friday 6 AM to 6 PM and Saturday 8 AM to 2 PM. Closed Sunday.**

All recyclables, with the exception of waste oil, may be taken to the drop off facility. Please call the facility to schedule an appliance pick-up (see the list on your 2015-2016 flyer for details), or if you have a question about leaving a bulky item* out on your scheduled trash day.

The telephone number for TBI Facility/Northside Carting is (978) 686-8604.

Single-stream recycling is here!!

- Single-stream recycling means that all recyclables may be placed in one covered container that has been labeled as “Recycle” or “Recycling”.
 - The Town of Atkinson red bins may still be used, or stop by the Selectmen’s Office and pick-up green recycling stickers for your own bins or barrels. (Please do not use a container larger than 64 gallons or that will weigh more than 50 pounds when full.)
 - Please pack barrels loosely so that the items will easily fall out when tipped to be emptied (especially when recycling cardboard and other stiffer items).
 - Trash is still picked up every week, and recycling is picked up every other week – placed curbside by 7 AM on your respective day.
 - Please place the recycling away from your trash – like on the opposite side of the driveway if possible.
 - If you have any questions or concerns, you may call TBI/Northside Carting (978) 686-8604.
-
