Guest Business and Plan Reviews:

Spencer Morrison of Amberwood Drive had been contacted by Tim concerning unauthorized dredge and fill. Michelle had pictures. Tim explained the state law and process for dredge and fill and waiver. Morrison was concerned about West Nile and EEE affecting families near wetlands. He claimed he was diverting the water, not draining it. He was given the DES phone number in Concord and advised to apply for a dredge and fill permit.

Charlie Moreno forestry plan was deferred. Tim may contact Curt Springer of the Danville Commission to contact Charlie.

Tim has the **plot plan from Blunts Pond, Map 9, parcel 29**. The owner Claire Hamilton wants to give it to the town. Pete raised some concerns about the cost of ownership and maintenance of the area. The pond is surrounded on three sides by a stone wall. Claire set conditions and Tim will check with Sumner on the agreement. The books have to be found on tax advantages so Claire gets the tax write-off on the donation. A motion was made to authorize the chairman to accept the donation on Map 9 Lot 29 and to ask the Selectmen to formally accept the plot. Motion was seconded and passed unanimously.

Chet Ladd burial is scheduled for July 25th at 11:00 AM.
