

# Atkinson Technology Committee

## Atkinson, NH

### Meeting Minutes

**Date:** May 13, 2009  
**Location:** Atkinson Town Hall, Planning Office  
**Attendees:** Todd Barbera, Wendy Barker, Loren Albright, Bill Innes, Joyce LaFrance

Meeting called to order at 7:05 PM

Loren Albright suggested we discuss the Technology Committee's meeting with the Board of Selectmen on May 12, 2009. The main topic was the emergency communication problem and the formation of a new committee to investigate the issue. The discussion focused on the various attempts to find a solution and locating engineers to staff the committee. Residents with expertise in this field who are interested in joining the committee will be sought out.

The BOS has requested a schedule reflecting the committee's plan to complete the task of reviewing the Town's computer systems. A report of the findings and the recommendations will be drafted and presented to the BOS on July 13, 2009. The committee will be meeting weekly to complete the report.

Meeting adjourned at 8:45 PM.
