

**Town of Atkinson  
Atkinson Technology Committee  
Regular Meeting 7:00 P.M.  
Thursday, February 24, 2011**

**Open Regular Meeting:**

Chairman Todd Barbera opened the Regular ATC Meeting 7:01 P.M

**Members Present:**

Todd Barbera  
Tom Cannon  
Wendy Barker  
George Athanasiou  
Bill Innes

**Discussions:**

1. The new SonicWall firewall has been installed. It takes the numbers of users from 25 with the old firewall to an unlimited number of users. The new firewall also allows the town to take advantage of VPN
2. The current town web site is now up to date – thanks to George A and Wendy B. The web site will now be turned over to First Choice, our service vendor. E-mail will be sent to users notifying them of the change. **AI: Todd to check with First Choice to see if they have a web update form or if we need to create one.**
3. The committee reviewed the action items (AI's) from the last meeting in order to assign responsibilities. This action was put of until our next scheduled meeting.
4. Wendy reviewed the new web site and updated current status. The site looks GREAT!! Wendy still needs a welcome message for the new website from the BOS (bill Friel). She is in the process of contacting town officials and committee leads for additional input and FAQs.
5. **AI: George A to create a blurb on “what does the IT Committee do” for the web site.**

Next meeting to be held 3/18/11

Meeting adjourned at 9:13 PM

Respectfully submitted by Bill Innes
