**ANNUAL REPORT
OF THE
TOWN OF ATKINSON,
NEW HAMPSHIRE**

**FOR THE YEAR
2011**

With great pride and optimism we dedicate the 2011 Annual Report to the youth of Atkinson.

As a nation, we face challenges of consequence we cannot ignore. The economic and cultural future of our country, state and town depends on recognizing this fact, as the current and next generation of youth become ready for school, college, work and life. We are at a crucial time for our small town. We can change the future by spending time with, and encouraging, the children of Atkinson to dream and helping them to realize their true potential, or we can continue to focus only on our own circumstances, allowing time and opportunities pass us by. During these difficult economic times it has become increasingly hard for town residents to spend money to help the town's youth. We ask that we all spend more quality time with our children, grandchildren, or even our local neighborhood kids during their formative years.

- Support our school system to make sure the youth have the knowledge they need to succeed.
- Support local groups such as the scouts, athletic leagues and local religious or civic organizations that help mold Atkinson's children into the highly-motivated, responsible, moral adults you know they can be.

As our 32nd President, Franklin D. Roosevelt, once said *"We cannot always build the future for our youth, but we can build our youth for the future."*

Report of the Atkinson Board of Selectmen

2011 was a very good year for the Town of Atkinson. We are so proud of the effort that goes into making Atkinson a great place to live. From our senior's programs to programs that support our children, from our employees who keep the town safe to the volunteers who keep the town running – thank you all.

This year's town report is dedicated to our children, and looking back over 2011 the town has done much to strengthen their future. The East Road Lacrosse and General Use Field project is nearing completion and the fields will be used this spring. This year's Sun-n-Fun program was a great success with strong attendance. The Webelos visited town hall taking an active interest in town government. The children participated in a moving Memorial Day service, competed in our annual Fishing Derby and were thrilled meeting Santa Claus at the Town's Christmas Tree Lighting ceremony. They served lunch at senior functions and the Girl Scouts created centerpieces for the tables. With your help, our children are being integrated into the fabric of our community with positive results.

2011 was also the year of the Halloween snowstorm. Lots of townsfolk were without power for an extended period of time. The community came together in support of those residents by opening the Community Center as a warming center, serving breakfast, lunch and dinner for the duration, as well as having showers and water at the Fire Station.

As we move forward into 2012 we look ahead with great anticipation to a viable and growing economy, decreased unemployment and a prosperous and positive New Year. Although the economic downturn has impacted all of our residents, together as a Community, we continue to stand united and strong.

The New Year has brought a new enthusiasm to Town in regard to resident participation. Unlike the past few years, this year we have a great list of competent men running for the position Selectmen. In addition, we have seen a new interest in Town participation and volunteerism.

We the Board, wish to take this opportunity to express our appreciation to the employees, volunteers and residents who work in various capacities throughout the year to make the Town of Atkinson a wonderful place to work, play and raise our families.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Atkinson
Atkinson, New Hampshire

We have audited the accompanying financial statements of the governmental activities, general fund, and the aggregate remaining fund information of the Town of Atkinson as of and for the year ended December 31, 2010, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Atkinson's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, general fund, and the aggregate remaining fund information of the Town of Atkinson, as of December 31, 2010, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 28 through 30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Town of Atkinson has not presented a management's discussion and analysis. Accounting principles generally accepted in the United States of America have determined that the management's discussion and analysis is necessary to supplement, but is not required to be part of, the basic financial statements.

Involuntary Merger Notice

NOTICE

Per RSA 674:39-aa

Any property owner with **Involuntarily Merged** lots may restore them to premerger status by making such request to the Selectmen's Office **prior to December 31, 2016**. Please be aware that restoration of lots to premerger status shall not be deemed to cure any non-conformity with existing local land use ordinances.

674:39-aa Restoration of Involuntarily Merged Lots. –

I. In this section:

(a) "Involuntary merger" and "involuntarily merged" mean lots merged by municipal action for zoning, assessing, or taxation purposes without the consent of the owner.

(b) "Owner" means the person or entity that holds legal title to the lots in question, even if such person or entity did not hold legal title at the time of the involuntary merger.

(c) "Voluntary merger" and "voluntarily merged" mean a merger under RSA 674:39-a, or any overt action or conduct that indicates an owner regarded said lots as merged such as, but not limited to, abandoning a lot line.

II. Lots or parcels that were involuntarily merged prior to September 18, 2010 by a city, town, county, village district, or any other municipality, shall at the request of the owner, be restored to their premerger status and all zoning and tax maps shall be updated to identify the premerger boundaries of said lots or parcels as recorded at the appropriate registry of deeds, provided:

(a) The request is submitted to the governing body prior to December 31, 2016.

(b) No owner in the chain of title voluntarily merged his or her lots. If any owner in the chain of title voluntarily merged his or her lots, then all subsequent owners shall be estopped from requesting restoration. The municipality shall have the burden of proof to show that any previous owner voluntarily merged his or her lots.

III. All decisions of the governing body may be appealed in accordance with the provisions of RSA 676.

IV. Any municipality may adopt local ordinances, including ordinances enacted prior to the effective date of this section, to restore previously merged properties that are less restrictive than the provisions in paragraph I and II.

V. The restoration of the lots to their premerger status shall not be deemed to cure any non-conformity with existing local land use ordinances.

VI. Municipalities shall post a notice informing residents that any involuntarily merged lots may be restored to premerger status upon the owner's request. Such notice shall be posted in a public place no later than January 1, 2012 and shall remain posted through December 31, 2016. Each municipality shall also publish the same or similar notice in its 2011 through 2015 annual reports.

2011 Tax Collector's Report

2011 was a confusing and difficult year for most of the Taxpayers of Atkinson.

Remembering that our first Bill is an estimated Bill based on approximately 50% of the total of the prior year plus any changes to your assessment and the second Bill is based on the new "TAX RATE" multiplied by your Assessed Value minus your July Bill amount, 2011 had a re-evaluation thrown into the mix, this is for most the confusing part.

Now for the difficult part, one would guess that since we underwent a re-evaluation, which caused a reduction in our evaluations of approx 19.3%, with the exception of commercial properties, our tax bill would decrease, right? Wrong! You see, whenever a Municipality experiences a re-evaluation and an increased Tax Rate of approx .6% in the same year it becomes difficult to expect that.

For some Taxpayers it is true that your Tax Bill will decrease, just as for some it will remain the same, while others will see an increase. The many variables can be discussed with Assessor, Mr. Rod Wood.

So now that I have confused you, let me try to lift your spirits. Sue, your Deputy Tax Collector and I had a wonderful year working as a team. We ended the year with a 96% collection rate. Thank you all for your efforts. I do understand that the unemployment situation isn't much better so this rate just speaks to the fact our wonderful Town remains fiscally responsible.

Report of the Town Clerk

I would like to express my sincere thanks to Deputy Town Clerk, Bonnie Jordan and Assistant Town Clerk, Kristen LeBlanc for their support, excellent work, and dedication.

The rabies clinic was held on Sunday, March 20, 2011 at the Atkinson Fire Station. I was able to license 40 dogs at this event, thanks to the fire department, the volunteers and veterinarian Joseph Guischart.

On August 1, 2009, the State implemented a surcharge fee on the State's portion of the motor vehicle registration. The State of New Hampshire cancelled this surcharge on July 1, 2011. Many of the residents have expressed to me how happy they are with this decision.

I attended the New Hampshire City and Town Clerk's Association's Convention which was held on October 19, 2011. The Secretary of State spoke about the 2012 Presidential Primary and offered some very important tips on how to expedite the absentee ballots out to our overseas military voters. A new vital records system should be up and running sometime next year. All of the clerk's were happy with the presentation which showed us how user friendly this system will be. Also you will be able to purchase a vital record on line in the near future after filing the proper paperwork.

We are still working on implementing the usage of debit and credit cards in the office and on line.

Looking forward to seeing each and every one of you next year! Should you have any questions or concerns, please feel free to contact our office and we will do our best to assist you. My mission is to go the extra mile to always provide you with the highest quality of customer service.

Respectfully submitted,

Report of the Technology Committee

The Technology Committee has continued to manage the information technology (IT) operations for the Town. Our focus has been on improving the IT infrastructure in order to ensure that IT operations are reliable. We should soon have a climate controlled server room and this year we are introducing a warrant to improve the data wiring within Town Hall. Other activities have included replacement of obsolete hardware, bringing all department and committee heads on to the Town email server, and having all emails that are sent to or from a Town email account automatically archived for RSA 91-A compliance.

Beyond some of the regular day to day management activities, 2011 saw the release of a new Town website. Wendy Barker, a committee member, volunteered her services to produce a high quality state of the art website. Wendy's efforts have saved the Town thousands of dollars had the work been contracted and I would like to take this opportunity to thank Wendy for her efforts. The new website has taken all of the former separate Town websites and integrated them into a single website. There is also government and community calendars as well as a search feature. Improvements are still underway; however, as Wendy is working on integrating video playback so that all Town meetings broadcast on ACTV will be available to view from the website. This will help to open up access to your Town government and it's an improvement we are anxious to roll out.

Besides the website improvements, we will also be working on introducing a document management solution. This was something that we identified as a need in our 2009 IT Assessment. The recent MRI study of the Police Department also mentioned the need for a document management solution. By digitizing all of the Town documents, the physical documents can then be stored off-site negating the need to add additional costly storage space such as an addition to Town Hall. Also, should those documents get destroyed the Town will still have electronic copies. Finally, all documents would be indexable and searchable assisting in document lookups for things such as RSA 91-A requests.

We look forward to continue to serve the Town in 2012.

Respectfully submitted,

Todd Barbera – Chair

Technology Committee members: Tom Cannon, Wendy Barker

Report of the Atkinson Community Center and Senior Programs

The Atkinson Community Center was alive with programs and events in 2011. Our Center saw plenty of activity by over 40 nonprofit organizations for their weekly and monthly meetings as well as special events and gatherings, including annual events such as the Garden Club's Green Sale, Women's Civic Club's Town Wide Yard Sale, Lion's Club Citizen of the Year Celebration, Friends of Kimball Library's Peddlers Market, Pancake Breakfasts, Red Cross blood drives, spaghetti suppers and more. Many Town Committees and Departments also made good use of the Center for their meetings and events. Line Dance, Square Dance, Dance Aerobics, and Zumba classes are offered here in the evening too.

What an interesting Halloween 2011! The early snowstorm affected all of southern New Hampshire and northern New England. Most of our town residents experienced power outages for 2 ~ 5 days and unfortunately some of our residents suffered for a longer time. During the power outage, our town officials, Recreation Commission and Lion's Club once again managed to set up the Warming Center at the Community Center with the help of the community. We served over 200 hot meals from Sunday to Tuesday, including lunch for the linemen who reinstalled the power lines. This is another occasion where our town is fortunate to have this building to serve our community.

Individual town residents can rent the Community Center for private functions and business related events for a very reasonable fee. The Center was put to good use for baby showers, bridal showers, birthday parties, anniversary parties, wedding receptions, graduation parties, family reunions, family Thanksgiving parties, private parties, and weekly business meetings.

The Community Center remains the focal point for so many of our senior citizens' activities. Luncheons with entertainment were held throughout the year and are free to seniors 65 years old and older. Our seniors joined with the Salem Senior Center for Valentine's Day, Halloween and holiday parties in the area. We hold weekly Tai Chi, Yoga, Wellness Fitness and Bridge programs. Veteran's Club meetings and VNA Foot Clinics are held monthly. We sent our seniors on a four-day trip to the Finger Lakes region in NY. Our day trips included a Celtic's game, Red Sox games, Foliage Trip to "Hobo Turkey Dinner" and Train Ride, musicals: "Mary Poppins", "King and I", and "42nd Street", Essex River Cruise, Foxwood & Mohegan Sun Casinos, Indian Head Resort, Boston Flower Show, Pumpkin Festivals, and the last senior trip for 2011 was trip to Venus DeMilo- Winter Holiday Festival ~ A Day with Sinatra.

Our program received some financial assistance in 2011! In January we received a Mini-Grant of \$1,700.00 from the New Hampshire Department of Health and Human Services and the NH Area Health Education Centers to offer the Chronic Disease Self Management Program (CDSMP). This grant allowed one volunteer, Mrs. Robin Hernandez, to be trained as a CDSMP leader. Then Mrs. Hernandez and another leader offered a FREE 6-weeks Work Shop to over 20 Atkinson residents, mostly senior citizens.

Also I would like to thank the Atkinson Women's Civic Club, Atkinson Garden Club, Atkinson Lions Club, Girl Scouts and Boy Scouts for their generous donations and continuous volunteer services.

New ideas are always welcome and with your input we will continue to grow and improve! Thanks to all of the residents and volunteers who continue to support the Community Center and Recreation Commission's Senior Programs.

Respectfully submitted,
Noriko Yoshida

Report of the Recreation Commission

Phase 2 of our East Road recreation project is completed. The walking path around the fields and irrigation system were installed. The barn was cleaned up inside and new siding was applied. We reseeded and put down weed control on the fields. Our fields are growing and look great and which will allow them to be ready for the season opening in this spring. Phase 3 remains and we have plans to install a bocce court and to plant shrubs for a natural barrier along the street.

Atkinson Recreation sponsored the 3rd annual town tree lighting at Dow Common and had a wonderful gathering of young and old for the event. The community sang carols lead by the Atkinson Academy Chorus as we awaited Santa's arrival. All in attendance shared refreshments, made crafts, decorated cookies, picture taking with Santa, and enjoyed each other's company at the Fire Station.

The Memorial Day Parade and ceremony was a wonderful event for all who came. Thanks to the Veterans Club and Girl Scouts for making sure that the standards and flags were properly placed on the veteran's graves at the cemetery.

The Sun 'N Fun program had another successful year with a new Director and two new Assistant directors. The children enjoyed field trips, games, arts and crafts, exercise, and sports. The weekly Farmers Market, sponsored by the Atkinson Women's Civic Club, and supported by Atkinson Recreation was another great success and the new Winter Farmers Market, held monthly, is off to a great start. Our other annual events, the Easter Egg Hunt, Fishing Derby, Town Wide Clean-up, Ice Cream Social/Community Band Concert, and Make a Difference Day were all well attended and will return in 2012. And we have three trips to Boston Red Sox games planned for 2012 as well.

Please see our recreation page on the town website, www.town-atkinsonnh.com/recreation for the latest information and photos from town events throughout the year.

Highway Department Annual Report

2011 was a Year of Intensity

Budget season went well with the budget and warrant articles approved with the appropriate increases. Then it began to snow. Then it snowed some more, until we needed to start removing snow from intersections for visibility. Finally the weather pattern changed and we actually had an early start to the construction season. One of the nicest days of the spring was the Atkinson Youth Baseball and Softball's Cleanup Day. It was a day of great participation from the parents for a cleanup that would greatly benefit the children.

In May the selectmen also asked the Highway Department to install a walking path and fence at our new park on East Road. This project went well, on time and under budget. In June the Highway Department got back to work cutting brush, grant applications and unfunded state mandates. One such mandate was that we could no longer cut Japanese Knotweed. We had to develop a plan to spray this invasive species in order to eradicate it without spreading it.

In July Busby Construction started work on our reconstruction projects on Hovey Meadow and Merrill Drive. We added the appropriate drainage, ground up the asphalt where needed and repaved. We also paved Hoyt Circle to complete that neighborhood. It was a pleasure to work with Busby Construction and Brox, which resulted in a project of which we can all be proud. Our fall season included crack sealing, removing rocks out of the right-of-ways, grinding stumps within the right-of-ways and routine hot top repairs. We also did drainage projects on Jericho Road while dealing with severe storms.

October is the start of our budget season, necessitating the development bid specifications and working with the appropriate boards. We experienced the bizarre early snowfall that damaged a large number of oak trees which still had leaves, blocking roads and taking out power lines. Atkinson was declared a disaster area once again by FEMA.

The remainder of the year was spent cleaning up after this storm, removing trees and debris from our right-of-ways, vacuuming leaves and cleaning out catch basins and culverts, finishing the budget process, accepting Brushwood Drive and preparing once again for the snow that will eventually come.

Once again I would like to thank my staff, Dave Witley, Joe Martin, and my assistant Josh Dugdale. Without them my job would be impossible. I would also like to thank Barbara Snicer and Sandra LeVallee. Barbara's tireless efforts to keep the town running smoothly short handed was impressive to watch, and Sandra's guidance in budgetary affairs and spending controls made it possible for me to get through the year without over-spending my budget. I would like to thank the rest of the town hall staff who made it a pleasant work atmosphere. I want to encourage the resident of Atkinson to continue support the Atkinson Highway Department and the funding to maintain our infrastructure.

Sincerely, Ted Stewart.

Report of the Kimball Library

Mission Statement

The Kimball Library is dedicated to the common good by serving the informational, educational, cultural, and recreational needs of the Atkinson community and by encouraging its patrons in the lifelong pursuit of learning and personal growth. The library will be responsive to the needs of its diverse users, advocate and support the use of appropriate technology, build an excellent collection, commit itself to the highest ideals of library service and the principles of intellectual freedom and provide a welcoming meeting place for the community.

The Kimball Library continues to see the popularity of ebooks continue to grow. The library pays a yearly fee to be part of the NH Downloadable Books Consortium. This service allows Kimball Library card holders access to 6,000+ audio books and over 2,500 ebooks. The library has taken access to ebooks one step further with the purchase of ebooks just for Kimball Library card holders. What this means for you is more availability of titles and shorter wait periods. As of December 31, 2011, the library owns 145 popular ebook titles. This collection will continue to grow in 2012. Please let the library know what ebook titles you're interested in reading. The library also loans five Kindle ereaders and one Nook. The library staff is available to answer your questions about ebooks and ereaders.

In September, the Kimball Library Trustees signed an agreement with the Plaistow and Sandown Public Libraries to form the Southern New Hampshire Library Cooperative (SNHLC). This is only the second library cooperative in the State of New Hampshire, and we are all very proud of this accomplishment. What this means for our Atkinson residents is a new integrated library system (ILS) called Koha. Koha is the first open-source ILS. Its development is steered by a growing community of libraries collaborating to achieve their technology goals. The new ILS will be launched in early 2012.

In our effort to support lifelong learning, the Kimball Library introduced a new online continuing education program called Universal Class. Universal Class offers over 500 classes with remote 24/7 access via the Internet. Each class has a real instructor who will be reviewing your progress. Each Kimball Library card holder can have five active classes at one time and each class must be completed within 6 months. There is no limit on the amount of people who can sign up for any one class. The available subjects include: Computer training (Microsoft 2007 Word, Excel, Powerpoint, Publisher, Outlook), Personal Finance, Business, Health Services Training, Professional Development, Music & Painting, Job Search (resume writing, interviewing skills), and much more. If you don't have access to the internet from home the library has fourteen public access computers for you to use.

The 2011 Summer Reading program "One World Many Stories" was designed to learn more about world countries, people and their customs. The program was a huge success. There were a total of 129 children, Grades K-5, who participated in the program.

The Young Adult program "You Are Here" had a total of 122 middle and high school students sign up for the program. Many local businesses donated prizes for both Summer Reading programs.

The library's long time Children Librarian, Carolyn Birr, retired at the end of 2011. Carolyn worked for the Kimball Library for 26 years. We are thankful Carolyn will continue in the children's room on a part time basis to help everyone transition to their new roles.

The library added some new faces to the staff with Judy Marden joining in March and Jessica Drouin in December. Kathy Watson, Teen Librarian, will oversee all Children's Services Grades, K-12 starting January 1, 2012.

A great way to keep up on what’s happening at the Kimball Library is to check out our website at www.kimballlibrary.com, subscribe to our e-newsletter, “like” us on FaceBook or follow us on Twitter.

The Kimball Library has museum passes to eight area museums. Each museum pass gives a discount on admission. To reserve a pass go to our website and click on Museum Passes under Library Links.

We are very grateful for all the work the Friends of the Kimball Library do for the Kimball Library. Through their fund raising efforts we are able to bring you museum passes and children & adult programming throughout the year. The Friends also provide us with many hours of volunteerism.

Special thanks go out to the Kimball Library staff, all our volunteers, the Friends of the Kimball Library, and our Trustees who have worked very hard this past year to make the Kimball Library a success.

Atkinson Community Television (ACTV-20)

2011 came and went in a flurry of activity. The Town opened the Formal Franchise Renewal Process, in accordance with Federal Law, to process Comcast's request to renew their Cable Franchise with the Town, which expires in 2014. Expect to hear more about this in 2012 as the Selectmen and the Cable Advisory Committee seek your input for the negotiations. ACTV-20 began cablecasting the Library Trustees meetings in May at the request of the voters (via warrant article). The IT Committee launched the new Town website in October, which promises the real possibility in 2012 of on-demand Internet viewing of the government meetings we cablecast, something on my and the IT Committee's To-Do list for several years.

Like over-the-air TV stations did in 2009, Comcast stopped providing Analog TV signals in November, so now everyone needs a Digital Cable Converter Box/Adapter to receive more than Basic Cable, i.e. over-the-air TV Stations plus ACTV-20, on *any* TV. Analog TV's can no longer receive even Basic Cable without a box. This change-over affected both the residents and the Town, so I spent many hours replacing and rewiring equipment related to this Digital changeover. Changes in technology usually lead to changes in other areas, and so I also spent time updating the way ACTV-20 operates to make us more efficient and provide the kinds of services you need and request.

This year also marked the end of ACTV-20's latest Capital Improvement Plan (CIP), a plan set in motion before I started working here in 2007. Though circumstances in the Town, economy and technology necessitated detours more than once, that CIP was the road map used to guide our course. In 2012, ACTV-20 will submit a new CIP, one which should nudge us closer to full High-Definition production standards (a process started with the purchase of HD studio cameras in 2006).

Lastly, this year closed on a bittersweet note, with the resignation of long-time cameraperson, Theresa Leppala. Her new full-time job proved incompatible with her position at ACTV-20, so we wish her all the best. With Theresa's departure and other attrition in ACTV staff over the years, it was time to hire new camerapeople/crew members, so expect to see new faces behind the scenes if you attend the live cablecast of a government meeting in 2012. This year, focus at ACTV-20 will go back to developing Public Access, both shows and volunteers, but for that, I need your help. My job title is PEG (*Public, Education, Government*) Access Studio Coordinator, and my purpose is to coordinate/facilitate how *residents* want to utilize this Access Channel. Without *your* input, I must rely on what *I* believe you want to see on ACTV-20. Remember the slogan that appears on ACTV-20's Community Bulletin Board: "***You are watching ACTV. Your Community ... Your Channel!***".

Report of the Atkinson Fire Department – 2011

There is a long standing sense of pride and satisfaction in being a member of a volunteer/call fire department that extends throughout the country. That is the proud feeling you get when you are able to help a neighbor in a time of need, or the smile or hand shake you get from someone you may or may not know. They know you as the member of the Fire/Ems squad that came to their aid when they were having a bad day. There are thirty seven members of the AFD that continue to show a high level of dedication to serve the town and its' residents. Over the years many of them have continued to advance their education in both fire and medical services, to be ready in your time of need. I can assure you that when you may have the need to call 911, we will be ready and well prepared to assist you and your love ones.

There are a few members that I would like to recognize for their years of service to the community as members of the Fire Department. John Rockwell has been a member for 45 years and Albert Apitz has been a member for 40 years. They continue to be a valuable asset to the department working with the new members as well as the entire department.

We continue to monitor the future needs of the department and ask for your support for our capital improvement plan. We are also collecting data to determine the need for full time personnel, and at this time due to the dedication of our current membership, we feel there is no immediate need to move in this direction.

As I enter the twenty-second year as Chief, I look forward to the challenges ahead and I will continue to work to provide the best trained personnel and equipment to achieve the highest level of safety for our members and the community. The entire membership and I wish to thank the Townspeople for their continued support in providing us with the tools we need to perform our jobs safely and to the best of our abilities in the quest to protect life and property. Your donations throughout the years are appreciated and have allowed the Fire Fighters Association to purchase equipment for both Fire and medical services that benefits us all.

What makes the department function, are its members and we are always looking for new people. If you are interested in helping out your community as part of the Fire Department, contact us at 362-4203 or stop by and visit us.

Respectively submitted,

Michael E. Murphy, Fire Chief

Building Department Annual Report 2011

2011 construction projects consisted mainly of re-roofs and replacement septic systems and generator installations, a very similar pattern to 2009 and 2010. There was a slight increase in new construction of single family homes

All Inspectors are readily available on Monday evenings from 6:30PM to 8:00PM for questions and permit application and can be contacted for inspections directly on their voice mail numbers and will respond to all calls in a timely manner.

Building Inspector & Code Enforcement Officer: 362-1057 (Bob Jones and Jim Kirsch)

Electrical Inspector: 362-1070 (Dave Pallaria)

Plumbing & Gas Inspector : 362-1071 (Bill Ashford)

Health Officer: 362-1073 (Mike Dorman)

Fire Inspectors: Atkinson Fire Station – 362-4203 (Chuck Earley, Chief Mike Murphy)

****Remember obtaining a permit is just the first step, inspections must be done and Certificates of Completion or Occupancy must be issued to complete the project.**

The Atkinson Web Site www.town-atkinsonnh.com has information on permit requirements.

Building Code Section 620:1 states that all conventionally constructed buildings shall conform to and comply with the New Hampshire State Building Codes which includes State Fire Codes.

During **2011** there were 197 Building Permits issued for the following:

Residential New Single Family (7) Foundations (8)

Residential teardown and rebuilds (2)

Extra Features: Pools (8) Sheds (5) detached garages (1) Decks and Porches new and rebuilt (16)

In -Law Apartments (5)

Remodel: Siding (5) Windows, Roofs (50) Kitchen or Bath Remodel (14) Additions and Finish Up (7) Commercial Refits (7) Finish Basements (4) Other (18)

Repairs: (doors, windows, ice and water damage) (35)

Demolition: Buildings (3) Remove pools (2)

In addition there were numerous permits for generator installations.

Total estimated value of construction \$ 4,390,970, up over \$1 million from 2010.

Respectfully submitted,

Robert Jones, Building Inspector

Report of the Planning Board 2011

On the whole, a very quiet year, with probably the fewest ever applications for the Planning Board to act on. We dispensed with most of our Workshops, as we were able to conduct Workshop activities during our required monthly meetings.

Zoning and Ordinances

Items voted and passed at Town Meeting 2010 include:

Zoning Amendment to amend Article V Section 510: Permitted Uses by adding “nn” in order to restrict trucking between 9 PM and 6 AM to any site on a regular basis.

Projects

Commercial:

Site Plan approved for Hampstead Area Water Company to add a pumphouse off Pope Road, Map 12 Lot 1

Site Plan amended to add parking at 2 Industrial Way Map 16 Lot 54

Site Plan amended to add a truck scale for Windfield Alloy at 2 Route 111, Map 21 Lot 4-1

Residential:

One new lot created by subdivision of 46 Main Street Map 4 Lot 16

One new lot created by subdivision of 19 Coventry Map 14 Lot 84-1

Merger of 2 residential lots on Winslow Drive Map 13 Lots 29-26 and 29-25

Master Plan

Natural Resources Inventory chapter finalized for 2012 adoption

Chapter updates prepared for 2012 adoption: Community Facilities and Existing Land Use

Future:

For the 2012 Legislative season the Planning Board has proposed

Zoning Article to amend Article IV Section 400:3 to be compatible with new RSA 674:39-aa

Article to amend Building Code to allow imposition of fees for outside engineering reviews.

Plan to complete and adopt Master Plan Vision Chapter and Future Land Use Chapter.

Plan to have Board of Selectmen establish and appoint members to a Capital Improvements Program Committee, to begin work in 2012 and complete the CIP in 2013.

Thank you to the Volunteers and interested Citizens who help this process work.

The Planning board meets on the Third Wednesday of each month for Public Hearings, and on first Wednesdays for Workshops as necessary. All are welcome.

Respectfully Submitted,

Susan Killam, Chairman

Atkinson Planning Board

Report of Zoning Board of Adjustment 2011

The Zoning Board of Adjustment is made up of 5 volunteer regular members and one or two alternate members, all of whom who are appointed to 3 year terms by the Selectmen. Under RSA 674:33 the Zoning Board of Adjustment shall have the power to hear and decide appeals if it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of any zoning ordinance....and to authorize upon appeal in specific cases a Variance from the terms of the Zoning Ordinance, and may in appropriate cases and subject to appropriate conditions make Special Exceptions to the terms of the Ordinance.

The current board is Chaired by Hank Riehl, and includes members Sanford Carter, Glenn Saba, Sam Zannini, John Recesso and Cathy Blash. We are actively seeking new members to join the Board to fill vacancies. Interested parties may contact the Administrator for Planning and Zoning, and come into the office to learn more about this volunteer role.

Minutes of meetings are available in draft format a week after the meeting date by making a request to the administrator. (Call 362-5761 to leave a message or e-mail request to landuse@atkinson-nh.gov). Once minutes are approved by an appropriate quorum of members they will be posted to the town website which you can find at www.town-atkinsonnh.com under the tab for Zoning.

During 2011 The ZBA has deliberated on the following:

Variance	4	Wetlands setbacks
Special Exception	1	Conversion from Seasonal
Special Exception	7	Accessory Living Unit
Withdrawn applications	2	Setbacks

The Board determined not to hear a case requesting multiple units on one lot. This led to a suit which was heard at Superior Court. The judge ruled the ZBA should hear the case, and it will be taken up during a 2012 agenda.

Respectfully submitted,

Hank Riehl, Chairman

Supervisors of the Checklist

The Supervisors of the Checklist worked the deliberative sessions for the Timberlane School District and the Town of Atkinson in addition to the election on Town Meeting Day.

This summer, the Supervisors of the Checklist worked on the purge of residents who hadn't voted in the last four elections. This purge is processed every ten years according to the laws of the state of New Hampshire and the Secretary of State's Office. We mailed out 1,006 purge letters this year. The removed residents have to report to the Supervisors of the Checklist at a session of the Supervisors or to the Town Clerk's office, during their regular office hours, to be reregistered.

Residents may register to vote up until 10-days before each election, either during voter registration sessions held by the Supervisors of the Checklist, or during the Town Clerk's regular office hours. However, the New Hampshire state law also allows residents to register at the polls on Election Day.

Our checklist is always posted at the Town Clerk's office, so any resident may look at this checklist and offer any corrections.

At the end of 2011, there were 4,804 registered Atkinson voters on the checklist.

We would like to thank Laura Lipfert for filling in as Supervisor of the Checklist in 2011 and also welcome Leslie Barbera who was elected to the Supervisors of the Checklist in March of 2011. I would like to offer a special thanks to Patti Mangini and Leslie Barbera for preparing the 10 year purge.

The Supervisors of the Checklist would like to thank all of the residents of Atkinson for their cooperation.

Respectfully submitted,

Martha E. MacDonald, Chairman

2011 Police Department Annual Town Report

Now that we have filled all of the open full-time police positions, we are better prepared to beef up our neighborhood patrols. Neighborhood patrols are the best deterrent to crime. It has been proven that, if cruisers are seen patrolling neighborhoods on a regular basis, the crime rate decreases. Atkinson appears to be a sleepy bedroom community, but lately all types of crimes are on the rise. This year I am asking for a sixth full-time officer. This will allow us to provide double coverage during the late night shift and also, with this additional full-time officer, we will have adequate coverage during the summer. In 2011 we had a total of 1,784 calls for services which is up about 5% over last year.

Some of the more serious situations we have to address are domestic calls. After responding, the Police Department is usually put in the middle of these family disputes. While we understand that some families are having difficult times, and that this type of situation is especially hard on the children, we have certain laws that we must enforce. We cannot appease both parties and, although we try to remain neutral while listening to their stories, when a law has been violated; we must, by statute, take appropriate action. Unfortunately, each year domestic cases are on the increase with ninety per cent being alcohol-related.

It is a pleasure to inform our residents that the hiring of Sgt. Caggiano has proven to be a great asset to our department. He is a twenty-four year veteran in the police field and has fit right into our daily routine. A very special thanks has to be given to our two (2) dispatchers, Officers Joanne Consentino and Lynne Cunningham. They not only answer police calls but also handle calls for Elderly Affairs Assistance.

In August of this year, I will be celebrating forty-four years as a member of the Police Department, and serving as your Chief for the past thirty-four years and eighteen years as the Town's Director of Elderly Affairs. In the past I have made myself available to any Atkinson resident, day or night, and will continue to do so in the future. I can be reached at the Police Station at 362- 4001 or at my residence at 362-5627.

I am committed to continuing to provide our residents with the same level of service that I have provided in the past. All members of our Police Department are dedicated to providing the residents of Atkinson with the most efficient and professional police services possible.

Pease drive defensively, love and respect thy neighbor and make 2012 a safe, memorable and enjoyable year.

Philip V Consentino

2011 Elderly Affairs Annual Town Report

During 2011 we provided 1,377 round trip transports to doctor's offices, food shopping, non-emergency hospital visits and local rehab/health centers. At times we are challenged to fill all of the requests we have for transportation. I am very fortunate to have a great staff working for the Elderly Affairs program. So far we have been able to fill all requests. If possible, please plan ahead and give at least two days notice if you need transportation assistance. We presently have five drivers and three vehicles. This year we are requesting, by warrant article, the transfer of a retired police cruiser to the Elderly Affairs Department. This will allow us to meet your transportation needs. Your support on this issue would be greatly appreciated.

We stock medical supplies that are available to our seniors, including wheelchairs, walkers, shower chairs, crutches, hospital beds, lift chairs, potty chairs and many other medical appliances. This year, we hope to expand service to our seniors. In addition to transportation, the Elderly Affairs Department supply many other services to our seniors, including help in solving some of your Medicare problems, minor repairs around your home, help in finding reliable contractors, and mediation with contractors who have not fulfilled their obligation to you. Our Community Service Officers, Assistant Director Ted Houlihan, Roger Culliford, Richard Magoon, Robert Neill, Sam Novello, and our dispatchers Jody Consentino and Lynne Cunningham have made our Senior Program one of the best in the area.

The Atkinson Elderly Affairs program is also able to provide other forms of assistance to our seniors, such as help with oil deliveries, pharmaceutical prescriptions and for special medical appliances. We sincerely thank the folks who have helped and enabled us to provide these services to our seniors.

This allows the Elderly Affairs Department to quietly and efficiently help seniors over a financial hurdle while maintaining their privacy.

Our Community Service Officers receive great personal satisfaction in supporting our seniors and ensuring their ability to get to a doctor's appointments, to a nursing home to visit a loved one or even to help with grocery shopping. As Director of Elderly affairs, it is also my privilege to visit our seniors in nursing homes and during their stay at local hospitals as often as possible.

All seniors should feel free to contact me at any time, either at the Police Station at 362-4001, or at my home at 362-5627. Your Elderly Affairs Department is here to provide individual service to all of our seniors, so please do not hesitate to give us a call. All calls are kept in the strictest of confidence. No senior in Atkinson should ever have to stay in a cold home or go without their proper medications.

I hope you have a safe and healthy New Year, and I respectfully request the opportunity to continue to serve the seniors of Atkinson as your Director of Elderly Affairs.

Respectfully submitted,

Philip Consentino

Report of the Conservation Commission

In 2012 the Conservation Commission will be focusing our forestry work on the Caroline Orr town forest behind the community center. Our consulting forester Charlie Moreno is preparing a Forest Management Plan for this parcel with the goals being wildlife and prime wetlands preservation, health of the forest, cordwood for town residents, and installing noise management tree buffers to reduce the impact on the town of the adjacent railroad. This plan will be done by spring and we will then do a forest management cut, probably in the summer. Proceeds of the cut go into a forest management fund as provided by RSA 31:113, which is used by the commission to fund new plantings and other forestry projects.

We purchased one small new strategic conservation parcel in 2011. This is a two acre parcel of back land in between the Bryant Woods condominiums and the Bryant Brook prime wetland, adjoining the existing Caroline Orr town forest. This parcel is perfectly located for observing wildlife in the prime wetland and will provide an additional buffer between residential areas of town and the railroad. Warrant article 2012-12 asks the town to designate this parcel as town forest to be managed by the conservation commission under RSA 31:112. This is something we do for every parcel of conservation land the town acquires. In this case the town forest designation allows us to incorporate the new parcel into the Caroline Orr forestry plan, and use the forestry fund for new plantings and maintenance as needed.

We are as concerned as everyone in town is about the plans for an MBTA layover in Plaistow, and will be monitoring the environmental study being done by NH DOT. The Westville Homes site plan shows three underground fuel tanks on that site between the existing building and the prime wetland. As conservationists we like mass transit and would like a train stop in Plaistow, but would like to see the layover somewhere else.

Warrant article 2012-13 asks the town to change the membership of the conservation commission to be 7 full time members and 3 alternates. The original article establishing the commission back in the 70's specified 7 members, one of whom was to be a member of the planning board with a one year term, and did not address alternates. Since then state law has changed, and the state now addresses planning board members serving on conservation commissions. That law was nearly changed last year to disallow planning board membership on the conservation commission. Because state law preempts our warrants, we would prefer to let the state address the joint membership issues, have 7 members, and add the capability for alternates.

This year, we will be working with the Atkinson Garden Club on a joint project to eradicate invasive plant species. In addition to the Bittersweet Orange which is starting to threaten the town forests, we have new outbreaks of Japanese Knotweed. This is really hard to control since it can spread from the smallest shred of plant. Mowing just causes new outbreaks at the next place the mower is used, so it must be sprayed and allowed to die.

In 2012, we are looking to acquire small parcels of land or easements on land next to existing conservation parcels or prime wetlands. We are especially interested in land along the state line between the Sawyer town forest and the Ruth McPherson town forest.

Respectfully submitted,

Tim Dziechowski, Chairman, Atkinson Conservation Commission

Report of the Conflict of Interest Committee

In March 2011, the Committee held its first meeting and appointed Officers:

Joyce LaFrance, Chairperson

Richard Smith, Vice Chairperson

Carol Grant, Secretary (resigned)

The Committee did not receive any resident petitions during the fiscal year and conducted no other business.

Respectfully submitted,

Joyce LaFrance, Chairperson

**Town of Atkinson
Application for Committee Appointment**

One of the advantages of living in a small town is the ability to participate in and contribute to the activities and programs, which are offered by the Town to its residents. Atkinson is fortunate to have a history of strong volunteerism and offers the opportunity to all residents of the Town to continue this tradition.

Boards, commissions, and committees are made up of volunteers. Community Center and recreation programs, public access TV, parades, celebrations, and beautification projects are successful due to the efforts of the Atkinson residents.

If you are a registered voter of Atkinson and would like to serve as a member on one of the following, please note your area of interest and return this form to the Selectmen's Office. Thank you.
